

AFTER SCHOOL

AT SPRING MOUNTAIN

WEDNESDAYS April 25–June 6, 2:00–3:30

Invent It, Build It -\$65, snack included

Grades 3–5

This class will rev up that inventive spirit! Each week we'll have a new design challenge to solve –some are just for fun and others tackle real world problems. We use materials like duct tape, paint stirrers, washers, ping pong balls, and more. Kids will design, test, and tweak their inventions while working through the scientific method. Sample challenges include a marshmallow launcher, a car that can be powered without a motor, a zip line invention, or a paddle boat.

Lego Jr \$60, snack included

Grades K–2

Legos for younger students. We build theme based Lego projects, play games, and read silly stories for inspiration. Imagine building and testing a boat on pirate day or racing a Lego car for our start your engines class! The sky's the limit with a little creativity.
